Downgrade change

My current MPKI service is:

MPKI OV

MPKI EV

I would like to downgrade my current MPKI service to:

MPKI OV

MPKI DV

Please note:

- No longer be able to issue certificate, which would require a higher validation level than the one of your chosen MPKI service.
- Already issued certificates on a higher validation level will remain valid until expiry.
- Downgrades are possible at the end of a current contract period.

Please send the form to the following E-Mail: registration@swisssign.com
